

JUNIOR MEMBER KNIFE

The Perfect Knife To Start Out With.

Barlow Pattern RBC41

RBC41

The Junior Member Knife is made especially for our new Junior Members. The classic Barlow pattern, RBC41, measures 3 1/2" closed and features a single clip blade made of 440 stainless steel. The blade is etched with the Remington® Cutlery Collector's Club (RCCC) crest and the saw cut green bone handle is inlaid with the RCCC crest as well. This distinguishing feature can be found only on Remington® Cutlery Collector's Club knives. You will find the original 1940 stamp on the tang of the blade. This was the last tang stamp used at our original cutlery factory in Bridgeport, CT.

We'll mark your date: As a special bonus, we'll inscribe the month and year you joined the Remington Cutlery Collector's Club on the bolster of the knife at no extra charge.

The Junior Member Knife will be shipped in a specially designed box featuring vintage Remington artwork. The knife and its commemorative box are available as a complete package exclusively for Remington Cutlery Collector's Club Members.
